Cristina, Emilio, and Mark,

Please see the attached confidential draft of a facilities proposal, framed as a draft resolution for Nick's consideration. We ask that you please do not forward or otherwise share this document.

We have work to do on the whereas clauses, and imagine Nick would, too— we also recognize that this may take shape as multiple resolutions or be implement in a different fashion. Nick asked us explicitly for a list of things we want to get done, which is reflected in the resolve section.

Our goal for the call tonight is to solicit your feedback and discuss strategy for our call with the LAAC tomorrow so we can work towards a final version by the end of this week or early next week. Our process will be to collect feedback from LAAC members and the policy working group, synthesize that feedback on the back end, and then engage the three of you for final approval and assurance that we have navigated different feedback appropriately.

Please let me know if you have any questions in advance of tonight's call.

Many thanks,

Cassy
